# Enterprise Risk Management to Achieve Strategy

Effectively manage risks to optimize productivity and align resources with strategic goals. Identify and mitigate risks from various sources to prevent interference with strategy execution. By proactively monitoring developments and taking preventive action, organizations can minimize the impact of potential risks on their operations.

## Course Objectives

- Understand the significance of risk management in strategy planning and execution, and learn to develop a risk profile for your organization.
- Conduct stakeholder risk analysis to assess key stakeholder interest, power, and engagement levels, crucial for effective strategy development and risk understanding.
- Evaluate strategic risk by conducting a comprehensive assessment of your organization using various analytical tools and techniques.
- Integrate strategy planning with Enterprise Risk Management (ERM) to align resources effectively, achieve outcomes, and mitigate risks.

## Program Benefits

### ✓ Get your training via Flexible Learning Options

Explore our performance-focused training and certification paths in virtual-live, on-demand, or in-person settings. No matter your chosen format, engage with peers, join focused sessions, and more.

### ✓ Develop a Comprehensive Skill Set for Your Desired Area

Our programs cover strategy, planning, and execution. With over 20 years in the public sector, we guarantee your team excels in decision-making and gains sector-specific expertise.

### ✓ Deliver Efficient Solutions for Your Agency

Elevate your performance management capabilities to enhance project efficiencies and provide performance-based solutions to citizens.

## Bring Performance Institute Training and Certification On-Site to Your Organization

Empower your team with the Certified Government Performance Manager (CGPM) program from The Performance Institute. Gain the expertise to lead performance management initiatives within your organization effectively.

Our program offers two certification options: **a standard certificate with a brief examination and an advanced certificate involving a capstone project. With the advanced certificate, you'll tackle a real-world project from your agency, applying course concepts and receiving expert feedback.**

Upon certification completion, you'll earn both professional distinction and academic credit. The Performance Institute is accredited by the National Association of State Boards of Accountancy (NASBA).

Customize the CGPM program to meet your organization's unique needs. On-site training for groups of seven to 30 ensures optimal utilization of your training budget. Our subject matter experts will collaborate with you to identify specific organizational requirements and tailor the training accordingly.

Interactive exercises based on real-life examples from your organization foster an engaging learning environment while delivering immediate ROI on your training investment. Address specific challenges and align session curricula with your objectives seamlessly.
